

TURN WASTE INTO SOMETHING USEFUL

Many of the materials we throw away every day can become valuable cooking fuel

ITEMS THAT CAN BE CONVERTED INTO BIOCHAR AND BRIQUETTES:

- ◆ Rice husks
- ◆ Maize cobs
- ◆ Sawdust
- ◆ Groundnut shells

TURNING WASTE INTO VALUE

***These wastes are transformed into
useful products that:***

- ☒ ON Help families cook.
- ☒ ON Reduce environmental pollution.
- ☒ ON Reduce the cutting down of trees.
- ☒ ON Create jobs and income for women.

**Would you be interested in trying a fuel that
helps both your family and the environment?**
